## Hunting Season Over

## Fish & Game Trophy Awards In February

Last Saturday brought another hunting season to a close with most hunters reporting a successful game harvest.

All that left to do now is sum up the big ones. In the field of big game, any member with a pair of antlers either deer or elk is asked to bring them to Central Garage, Saturday, Dec. 16. Carl Steiner, chairman of the Big Game Committee will be on hand to measure them up. Trophies will be presented at the annual banquet which will be held in February.

There is not too much to report on the migratory birds, but a few big ones have been recorded. The pheasant competition was most successful with some very nice birds bagged.

On Nov. 25, a delegation of members attended a resolutions meeting in Lethbridge. The resolution that brought the most discussion was the one on wildlife damage insurance. Most sportsmen felt that the farmer should not have to insure his crop against wildlife damage, but just put in a claim within 72 hours of said damage, compensation would be paid from the added dollar on licenses. A resolution to this effect will be presented to the provincial government.

With the magpie campaign and fish derby being acclaimed such a huge success, the Fish & Game Association decided to sponsor a night for the junior sportsmen of the district. Place and date to be set later.

New teams have been picked for another volleyball tournament. The Grade 12 Boys' and Girls' Basketball Teams will journey to High River for a game on Friday, Dec. 15.

The exhibition game on Dec. 8, between the Grade 12 and 9, 10 and 11s was won by the Grade 12s, 45-36. The leading scorer for the Grade 12s was Don Houlton with 18 points, while high scorer on the opposing team was Douglas Graham with 12 points.

The Grade 12 Team will motor to High River on Dec. 15 to play the High River team.

An exhibition game between the Grade 12 class and the graduates of last year is being planned for Dec. 22.

A basketball league is being started up, and will be played at noon hours.

The winning team of the volleyball league was the Bears, captained by Brian Dunham. Members of his team were Don Houlton, Dan Sulken, Eugene Caruthers, Delores Doane, Teddy Shaw, Doug Graham, Ken Mix and Nadine Arney.

Winners of the second event were the Kangaroos, captained by Carson Horne.

## Decorating Contest

In connection with the Christmas preparations the Vulcan District Board of Trade is again sponsoring a rural and town home decorating contest.

This proved quite successful last year and will be operated on a similar basis this season with honorable mention being made of the winning homes. Two classes, one for lighting effect and the other for Christmas theme, will be judged and Doug Galbraith is in charge of arrangements. Rural entries are asked to contact John Wolfe before Saturday, Dec. 23, so that their home may be included in the country tour of the judges.

## Fire Destroys Hog Barn

Fire, possibly caused by heat lamps, destroyed a hog barn on the Phil Lucas farm south-west of town, Tuesday night.

Lost were a few sows, and young pigs along with about 350 bushels of chop and a supply of straw.

Mrs. Bill Lucas was driving on Connemara road to their neighboring farm shortly after 9:00 p.m. and saw the flames and phoned the Phil Lucas farm where the hired man turned in the alarm.

The rural pumper was sent out and with the help of water supply from a dugout and the assistance of a crowd of neighbors, the fire was kept away from a nearby barn and straw stack.

## Mrs. M. M. Arnold Called By Death

Mrs. Mary Magdalene Arnold passed away in the Holy Cross Hospital in Calgary on Friday, Dec. 1, following a brief illness. She was 73 years of age.

Mrs. Arnold came to the Lomond district in 1908 with her husband, Charley and two sons. She moved from here to the Nanton district and since has lived in Hanna, Spondin, Calgary, Vulcan and Lomond.

Mrs. Arnold was predeceased by an infant son in 1911 and her husband in 1925. She is survived by 10 children, James of Calgary, Edward of Arrowwood, Willis of Willowdale, Ont., Alfred of Edmonton, Chester of Stettler, Robert of Blairmore, Lorne of Stannard, Mrs. Mary Wadell of Vancouver, Mrs. Dorothy Armstrong of Calgary, Mrs. Helen Sleight of Nanton; 31 grandchildren and seven great grandchildren; four sisters and three brothers, Jerome, Leonard and Lawrence Durand, Alma and Cora Dalton, Mrs. Frank Koch and Mrs. Florence Hart.

Funeral services were held in Calgary on Monday, Dec. 4, at 10:30 a.m. in Fosters Funeral Home. Burial was in the Nanton Cemetery.

The Christmas wreath represents the crown of thorns, and the berries the drops of blood.

Sometimes Christmas is written Xmas because "X" is the Greek equivalent of "ch" and stands for the word "Christ."

## Santa Here At 2 p.m. Saturday

The arrival of Santa, to several hundred youngsters from Vulcan and district is now a matter of days away and by Saturday afternoon the waiting and chore of being "extra good" will be over.

At two o'clock Santa is expected down main street to the big Christmas tree where he'll set up shop and expects to have a bag of candy and a good word for each and every boy and girl who comes to see him.

For those children who want to be free from their parents for a part of the afternoon (there might be a special gift purchase involved) two shows will be on at the Vulcan Theatre, one going in before Santa's arrival, at 1:00 p.m. and the other at 3:00 p.m.

The Board of Trade, the Elks Lodge, the Legion and the Lions Club, co-sponsors of this special day, have arranged this important visit of Santa — don't miss it and don't be late, children.

Three members and the director of the cast of "A Child Is Born" are seen above during a recent rehearsal. The play will be seen at the High School Auditorium Monday night at 8:15 p.m. under the sponsorship of the Vulcan Arts Council Drama Group. Shown from left to right are Donald Truss, Margaret Shaw, director Miss Esther Nelson and Louis Shaw.

## Trees Distributed

## More Outside Decorating Urged By Trade Board

Santa's arrival this Saturday to Vulcan will be greeted with as much color and enthusiasm as that which met him last year, if plans laid out at the recent noon luncheon of the Vulcan District Board of Trade, are carried out by all merchants.

As was the case in 1960, the Board has passed around a Christmas tree free to each local business with the provision that it be set up outside of the store and decorated, thereby assisting in outside street lighting, as well as providing a welcome atmosphere for shoppers at each store.

The downtown Christmas tree was set up last Sunday and lights were to be strung as soon as the branches settled. As a pleasing background to shoppers, Christmas music will be played from a loud-speaker located at Vulcan Pharmacy. A committee representing the Lions Club, Elks Lodge, Canadian Legion and the Board of Trade held a candy bag-filling on Monday of this week so by Saturday the stage will be set for the big children's day.

The subject of rural and town home lighting and decorating displays was left with Doug Galbraith who will organize this program along similar lines to the 1960 event.

Acceptance with reservations was given the channelled traffic plan now in effect where the access road to town meets the main highway. A letter was sent to the Provincial Highways Department acknowledging the improvement noted in traffic entering the access road from the north, traffic leaving town to the south and also to the north. However it was pointed out that traffic from the south entering Vulcan has a greater than 90 degree left turn to get off the highway into the narrow lane used also by traffic entering from the north. This turn necessitates crossing a through traffic lane from the north and leaves the possibility of piling up traffic from the south, is especially awkward for trailer trucks and buses and deemed potentially dangerous for all vehicles.

Biggest assist for the present, suggested in the letter, was that the access road be made wider to eliminate the bottle-neck through which incoming traffic flows from the main highway. Another fear expressed by members was that in the event of heavy winter snows, the directional barricades set up at present may drift in causing serious traffic tie-ups at the intersection.

Board member Doug Galbraith was to attend the meeting in High River on Wednesday dealing with the Hutterite brief regarding the proposed purchase of land in the Cayley area, and he will make representation for Vulcan businessmen at this meeting.

The Farmers' Short Course and Board of Trade Annual Meeting will be held on Feb. 6, 1962. Speaker will be L. D. Robertson.

## THE WEATHER

Winter made its presence really felt this past weekend, when the mercury dropped to 21 below and daytime temperatures Saturday and Sunday stayed below the zero mark. There was some moderation on Tuesday and milder weather is

## Only Minor Changes

## County and Teachers Agree On Salary Schedule

A salary schedule basically the same as that in effect last year has been agreed upon for the 1961-62 term by the County of Vulcan and the teachers in the County represented by the Vulcan Local, Alberta Teachers Association.

There are a few minor changes, the most important one being a change from \$230 to \$300 in the increments for teaching experience each of the first three years. For the fourth to seventh years of teaching experience the increments for experience remain at \$200 a year.

Basic salaries are the same as last year, from \$3000 for a teacher with no experience and one year's training, to a maximum of \$8,100 for a teacher with 12 years' experience and six years training.

A new clause added to the contract provides for the granting of leave of absence by the School Committee on application by the teacher for study approved by the Committee for improving the teacher's academic or professional education. Any teacher whose application for such leave of absence for in-service training is approved by the Committee, shall give an undertaking in writing to return to his duties following expiration of his leave and shall not resign or retire from teaching service other than by mutual agreement between the Committee and the teacher for a period of at least two years after resuming his duties. A teacher granted such in-service training leave shall receive a salary of \$1,800 a year. (Note: This clause is designed to encourage suitable teachers to qualify for high school teaching positions).

ward Zilke. A comedy skit by Mrs. Lloyd Graham, Mrs. Frank Hess, and Mrs. Glen Graham added much merriment. And a reading by Mrs. Jack Marshall reminiscing about Christine's childhood as the lady next door giving her advice about how to cook a husband, was very entertaining.

Seated at the head table wearing corsages presented by Mrs. Montgomery, to assist Christine in opening her gifts were her mother, Mrs. Alex Hindle, Mrs. David Burwash, mother of the groom elect, and the maid of honor, Miss Glenna Joiner. Glenna was in charge of the gift book. Mrs. Marshall then presented the bride with a miniature elevator filled to overflowing with beautiful and useful gifts, and god wishes from her many friends.

Christine thanked everyone for the lovely gifts and good wishes and extended an invitation to come to visit her at her new home in Carlsland.

Bringing to a close an enjoyable evening, the ladies served a delicious lunch.

## Ministerial Assoc. Elects Officers

terial Association met at the home of Rev. and Mrs. G. F. Wuerfel. Worship service was conducted by Rev. G. F. Wuerfel, and a paper entitled, "The Problem of Alcohol in Our Society," was presented by Rev. D. A. Sharpe.

The following officers were elected for 1962: President, Rev. G. F. Wuerfel; vice-president, Rev. D. A. Sharpe; secretary-treasurer, Mrs. J. Mayne, Barons.

## Shower Honors Christine Hindle

The Vulcan United Church basement was beautifully decorated when Group 1 of the Women's Association were hostesses on Nov. 27, honoring Christine Hindle on her coming marriage to Lloyd Burwash. Over 70 friends participated in the bridal shower.

After a few words of welcome by Mrs. David Montgomery, the evening opened with Jean Hess, Ann Jamison, Margie Giles and Valerie Richardson singing the "Bells of St. Mary's" accompanied at the piano by Mrs. Bill Giles. More songs and group singing followed.

A humorous "Bride and Groom" contest was put on by lady members of the bank staff and handled by Mrs. George Fath and Mrs. Ed-

## Golfers Ponder Watering System

A crisis of a sort is facing the executive of the Vulcan Golf and Country Club at the annual meeting to be held late in January. It will be tossed in the laps of the club membership for direction.

Water for the course from a ground supply is the problem that has been under discussion at recent monthly meeting of the executive. As a helping measure, a tank truck was purchased this spring for the purpose of watering the areas close to greens and other specific plots or seeded grass. The dry summer did serious damage to fairways, although re-seeding will be nearly carried out in 1962, and it is feared that with another such summer with no artificial water supply, the course will be in very serious condition.

The executive have already involved several hundreds of dollars in drilling for test holes on the course but further work on a project which will see a water supply and sprinkling system on fairways, will mean a big investment of money.

This, they say is the problem to be taken to the annual meeting where an expenditure of this nature may be accepted, with the accompanying financial obligation, or rejected, with the trust being placed in the assurance of natural rainfall to keep the course playable.

expected. Only about an inch of snow covers the ground and roads are good.

## Forsee Many Changes in Cars

Vast changes are coming in family motoring — but they'll come gradually, says the August issue of Imperial Oil Review in an article based on interviews with automotive and fuels experts.

The piston engine will be with us for at least five and possibly 20 years but it will be much improved, the Imperial Oil magazine says. It may someday be replaced by the fuel cell, which converts chemical energy into electrical energy, or the rotating combustion engine. A current experimental rotating combustion engine produces 100 h.p., is only 16 inches long and has one long central rotor which, from the end view, looks somewhat like a triangle with curved sides. It has no pistons; only one redesigned type of spark plug; a liquid cooling system and a carburetor. Other possibilities are the gas turbine engine, electric cars with solar charged batteries, thermionics (producing electricity by the combustion of fuel), and the free piston engine (operating on the diesel principle with one spark and, at most, two pistons).

Tires are getting better, the article continues. The industry is developing new types of cord and experimenting with such materials as dacron and glass. A year round tire that has anti-skid material embedded in its tread is in the research stage.

Special metal brake linings which prevent "fade" during emergency stops may replace the present fibrous lining. Mufflers will be more durable and a new catalytic type will completely burn away or neutralize harmful exhaust gases, the Review says.

Bodies will have new rust preventatives, salt resistant undercoatings and more durable paints. There'll be more development work on plastic bodies. New greases will make possible permanent chassis and suspension lubrication at the factory.

According to the Review, highways may become automatic with cars responding to electronic signals, possibly from buried cables. Before that we'll see asphalt binders that will contribute to crack-free roads, asphalt pavement

It is reputed that the first Christmas card, as we now know it, was dispatched in 1845 by W. C. Dobson, one of Queen Victoria's favorite painters.

that will bear several times present loads and colored road surfaces to define routes at cloverleafs, indicate speed zones or even reduce eye fatigue and influence driver's mood. Designers will pay special attention to women and cars will be designed accordingly with lighted vanity mirrors or sun visors, four sets of seat covers (one per season), fancy carpets in trunks and special shelves for purses, the article concludes.

Next year, this electrically-driven machine will be stripping overburden from the company's coal reserve nearby, exposing coal

which will provide fuel for the third steam generator currently being added to the Wabamun Plant. When completed, the dragline will have a total weight of 1,700 tons, including ballast, boom and bucket. The top of the machine at its present stage, is 70 feet above the ground.

## First Come - First Served

Get your order in now if you are planning to take advantage of the free trees offered very year to Alberta farmers by the government nurseries at Brooks and Oliver. Because there is such a demand for these trees and shrubs, it is a case of first come first served!

Any farmer in this province is eligible for government trees providing the land on which he intends to plant them was summerfallowed this year and the trees are to be used for a farmstead, field or roadside shelterbelt. There is no limit to the number of trees each applicant can order.

Spruce, maples, ash, elms, caragana and a limited number of Colorado spruce, willows, honeysuckles and lilac are among the trees and shrubs that will be shipped to all parts of this province next spring. In addition, low and high growing bushes, each containing 50 trees and shrubs of various species, are available from the government nurseries.

Alberta's Supervisor of Horticulture P. D. McCalla recommends planting a row of shrubs such as caragana in the front of the shelterbelt to act as a snow trap and then a row of fast-growing deciduous trees (those that lose their leaves each year) such as poplar, laurel, leaf willow or Manitoba maples behind this. A slow growing deciduous tree such as green ash or American elm should make up the third row and evergreens the fourth. Shelterbelts should be planted 100 feet from buildings and 125 feet away from roadside fences.

Since tree planting is a long term investment, it is well worth while to consult your district agriculturist before embarking on a tree planting program. He will help you to decide the best varieties to grow in your particular soil and climate as well as advise you regarding the best location and spacing of the trees from the point of view of shelter and beautification of your premises.

## Alberta Wheat Pool Annual Meeting

The 70 Alberta Wheat Pool delegates, representing the nearly 50,000 Pool members, have returned home after a nine-day annual meeting in Calgary.

During the meeting they authorized patronage dividends totalling \$2,500,000 to members on grain deliveries to the Pool in the 1960-61 crop season. Total earnings for the year, before income tax, were \$2,860,000. The dividends, amounting to 5.24 cents a bushel on wheat and flax and 2.62 cents a bushel on oats, barley, rye and rapeseed, will be distributed by Pool agents in the spring. About one-quarter of the dividend will be in cash and the balance in "investment reserves."

Similar dividends were declared on cereal seeds bought by the Pool's Seed Division, and on fertilizer sales a 3 percent rebate was declared.

During the meeting, delegates passed a resolution calling on the federal government to declare an acreage payment before the end of the 1961 calendar year, similar to that made in 1960.

Another resolution urged the Canadian Wheat Board to raise the initial payment on this season's oat and barley deliveries as soon as "sound pooling practices permit." They felt this would result in the Board receiving a larger share of marketings and that this would be desirable from the standpoint of market stability.

Endorsement was given to negotiation of a new International Wheat Agreement, similar in purpose and objectives to the current agreement, which expires next July 31. Delegates asked that consideration be given to higher ceilings and floor prices than the \$1.90 and \$1.50 now in effect.

On December 7, the Birthday Club met at the home of Mrs. Al Lomas. The meeting opened by the singing of "Joy To The World" and 18 members answered roll call. A children's draw for a Christmas gift was then held with each small child receiving a toy.

Final arrangements were made and committee named for a coming dance. Mrs. R. J. Honess donated a lovely white hand-made ruffled dolly to be raffled at the dance. A report on the plans made for the Lomond Agricultural Day (to be held Feb. 7) was given by

Mrs. Joe Chambers, the club's representative at the agricultural meeting.

### BETHANY LUTHERAN CHURCH WOMEN

The December meeting was held in the church basement with Mrs. Ida Grandberg as hostess, with 15 members and a number of visitors present.

Pastor Grandberg led in prayer and the Bible study was to be held later on. The usual reports were disposed of in good order. Some correspondence was read and discussed. The ladies decided to again serve their turns in 1962 at the Lions suppers.

The birthday box was opened and the sum of \$10 will be sent to the Bethany Sunset Home at Camrose, to buy extra treats for the elderly people there. The treasure chests disclosed the sum of \$27.50, which goes to missions where needed. The sum of \$6.00 from the offering of the day, will be sent to the Students Centre in Edmonton. A shipment of cookies donated by the members will also be sent to the same place, where many of the students find a home, away from home.

The meeting was then adjourned and all moved upstairs to the church proper, where they joined with the Milo-Queenstown and Enchant ladies and their friends for a short Bible study led by Pastor Grandberg.

The secretary then gave a report of the year's work, which was very interesting. For a bit of entertainment, each group had arranged some part, either singing, or a reading. One member gave a reading with a bit of humor added, entitled, "Why don't you go to church," which ended with "I think it is fun." The program was closed with the singing of several Christmas Carols, then all returned to the church basement where the hostess and her assistants served a very lovely lunch from tables beautifully decorated in the Christmas theme, with chrysanthemums and candles. All in all, 54 ladies and several children enjoyed the lunch and fellowship.

## Local Girl Married at Bonnyville

WAGG — ELIUK

On Oct. 28, the St. Louis Chapel in Bonnyville was the scene of a very lovely wedding when Miss Victoria Caroline Eliuk became the bride of Robert Benjamin Wagg. Father Frappier officiated. Victoria is the only daughter of Mr. and Mrs. Metro J. Eliuk of Vulcan, while Robert is the youngest son of Mr. and Mrs. Joseph Wagg of Pasadena, Newfoundland. Given in marriage by her father the bride looked radiant in her snow white tiered chantilly lace gown. The bodice was accented with a design of pearls and sequins. Her chapel length veil mistled from a crown of pearls and rhinestones, interwoven with fur. She carried a bouquet of large fresh red roses.

Bridesmaids were Miss Connie Burgess, Miss Helen Hansen and Miss Elsie Faryna. They wore identical violet sheath dresses made of velvet, white fur hats with veils and white fur muffs.
